1885/86

19 July 1913

FIFTEENTH ANNUAL EDITION, 1885-'86.

This volume contains the addresses of seventy thousand, five hundred and four (70,504) persons, ACTUAL COUNT, the names of firms, incorporated companies, traveling salesmen whose homes are elsewhere, and other extraneous matter, not included. Our Directory for 1880 (the year of last U. S. decennial census) contained the names of fifty-one thousand six hundred and twenty-four (51,624) persons; a gain of eighteen thousand, eight hundred and eighty (18,880) addresses in five years.

The usual mode of arriving at the number of inhabitants of a city by computing from the names contained in a Directory, is to multiply the whole number presented by $3\frac{1}{2}$. This has been demonstrated a fair and impartial method of estimating; at least, one that does not exaggerate when applied to western towns and cities with large floating populations. But comparison with the last decennial census and later police statistics of the city shows $3\frac{1}{4}$ to be the rate we should employ. Multiply the increase, 18,880 by $3\frac{1}{4}$, and the result shows 61,360 *gain* in population in one-half decade. At this rate our population will be over three hundred thousand (300,000) at the next U. S. decennial enumeration in 1890. Multiply 70,504 the whole number of names in this volume, by $3\frac{1}{4}$, and we have a grand total of 229,138.

In the year ending July, 1885, our population has increased at the rate of six hundred per month. See tabulated statement on following page.

G. WM. BEYERLE, OWNER AND PROPRIETOR OF **BEYERLE'S PARK,**

—OFFICE:—

13 PUBLIC SQUARE, ROOM 3.

Telephone 1839.

For the information of Families, Social Parties, Societies, Sunday Schools and Churches that it is no longer necessary to travel fifty or one hundred miles to reach a suitable and beautiful place for a Pic-nic or Excursion. I have built this park as such a place. It is situated only three miles south of the public square, near Independence and Petrie Streets, and contains over thirty acres, consisting of beautiful woods, adorned by walks, promenades and buildings, pavilion and tower; of valleys beautified by an artificial lake, which has an area of over seven acres; of hills, which are connected by bridges crossing the lake, one of the bridges being 300 feet in length and 60 feet above the surface of the lake. There will be twelve new boats on the lake, kept ready for the pleasure seeking public. The pavilion is a very large building and will accommodate 5000 people, it is carefully built, with a first class floor for dancing and skating. The tower will rise fifty feet above the highest spot in the grounds, wherefrom the public can get a beautiful view of Lake Erie, and of the romantic surroundings.

The Connotton Valley Depot, at Independence Street is seven minutes walk distant. On short notice, conveyances will be furnished from any point, direct to the park, at reasonable prices. The Park adequately supplies a long needed want of our citizens, and I intend, year by year, to add to its beauties, curiosities and attractions.

Any inquiries will receive prompt attention by writing, telephoning or calling at the above address.

We call your attention to the advantages offered by our Warehouse and *Forwarding Service*, to parties desiring to ship goods to Cleveland, and especially to that large class of merchants to whom it is an advantage to have a stock of goods in this city from which to supply all small orders in broken lots, or for *quick delivery* to any desired point.

WE ARE PREPARED TO RECEIVE

PIG IRON, IRON ORE, COPPER, LUMBER, DRY GOODS
CANNED GOODS, HOUSEHOLD GOODS, &C.

also every kind of merchandise, on storage. Warrants will be issued on all stock received, made transferable by indorsement and deliverable to the holder on demand. These warrants will furnish a convenient medium of transfer and delivery, and serve as collateral to parties wishing advances on their stock. We shall be glad to furnish full particulars as to the manner of transacting business, and invite correspondence or personal interview.

Large *cold storage capacity* for fruit, butter, eggs and all kinds of perishable property.

We make the transfer and re-shipping of Agricultural Machinery a specialty.

We pay all freight charges, and draw on parties shipping; or, if desired, are prepared to advance freight on marketable goods, at a reasonable rate of interest.

Perfection in Plumbing, Steam Heating and
 Sewer Building,
 Daykin Bros., Office 398 Pearl St.

Telephone 1543.

(OVER.)

Our new systems of Plumbing, Steam Heating and Sewer Building are being adopted by Physicians, Sanitarians and Plumbers everywhere. We will take pride in furnishing to any one a list, embracing hundreds of the largest and finest hotels, churches, theatres, court houses, city houses, and private residences, where our plumbing, heating and lighting is meeting with unequalled success.

We import, manufacture, or have manufactured for us in large quantities, all the most approved sanitary appliances, the newest and most artistic designs in gas fixtures, and the best working apparatus for heating.

We are in shape to meet the lowest possible price on every kind of goods used for water, sewer, steam or gas, and can fill orders without delay.

Estimates, specifications, advice or prices, cheerfully furnished on application.

J. C. ELLIS,

Mover of Furniture, Safes and Heavy Machinery,

HOISTING OF SMOKE STACKS and HEAVY ARTICLES A SPECIALTY,
Storage, Packing and Auctioneering of Household Goods.

Storage Warehouses: 67, 69, 71, 137 and 139 Bank St.,
(OFFICE, 137 BANK STREET.)

300 Compartments for Storage Of Household Goods.

My Warehouses are situated in a portion of the city easy of access, one that has never been visited by a disastrous fire, and within 300 feet of one of the most efficient fire companies in the United States. My storage is confined exclusively to household goods. Remember, I do not store hay, oil or other hazardous goods. Warehouses are divided in the same manner as the famous New York Warehouses of Morrell and O'Reilly Bros.

Packing for Shipment entire Contents of Residences.

Auction Sales at Residences or Warehouse.

That this line of business is being rapidly developed in Cleveland there can be no doubt, a comparison of numbers will show them to have been four times as numerous the past year as in 1883. This large increase was due mainly to our citizens having found a more advantageous plan to dispose of their household goods than by private sale. At a private sale the bargains and choice articles are sold and the balance are usually almost given away. People go to auction to secure bargains and while I may not be able to procure as high a price on some articles as could be obtained at private sale yet in the aggregate I can procure more than the house would have brought at private sale. Many articles almost given away by the owner as "trash" will at an auction bring considerable money. All of our sales are conducted in a gentlemanly, business-like manner, and no sales "under limit" are ever held by me. Investigate my claims by attending one of my sales, or allow me to refer you to some customer for whom I have conducted a sale. They will invariably recommend an auction.

DR. J. B. FOX,

NO. 114 PROSPECT ST., NEW NUMBER,

OR 80 OLD NUMBER,

CLEVELAND, OHIO,

Treats all Chronic Diseases,

Sores, Cancers and Ulcers,

I will treat any case of open, discharging Cancer, "Fever Sore", or indolent Ulcer, no matter from what cause it may have originated, for one or two weeks without any charge for medicines or services. If I do not show satisfactory and encouraging results at the expiration of the allotted time, the patient is at liberty to stop treatment, and does not owe me a penny for what has been done.
